

Our Date with Treasure

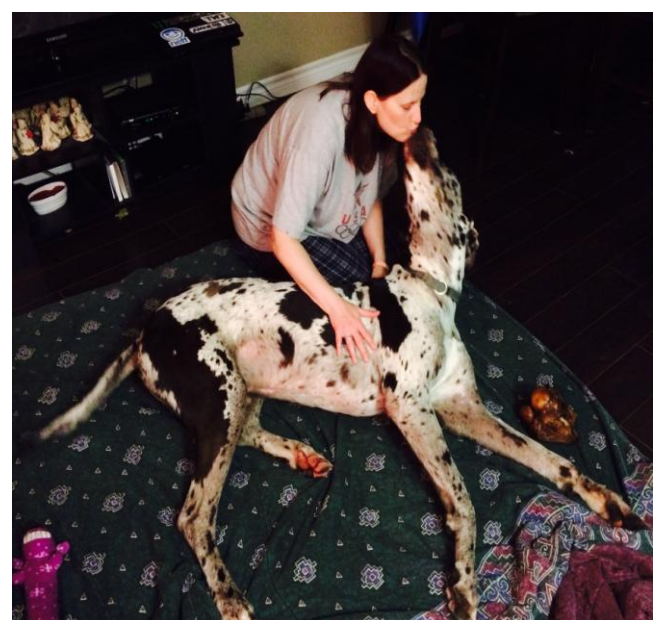

Lucky us!! Bright and early on Saturday May 24th arrived one of the nicest most amazing person we know carrying a picnic basket .Walking up our driveway at 7:00am with her big smiles Gwen arrived and she was accompanied by a beautiful Harlequin Great Dane. We were about to be blessed with the opportunity to spend a day with... TREASURE, or as some call him Trouble.

What did we get ourselves into? Treasure walked in... sniffed here and there (Looking for our cats I'm sure) and made himself at home. About as tall as every counter and table in our house, Treasure soon became the biggest cuddler you can imagine. Sitting like a human on our couch, and at time right in our laps, he hung out and watched TV with us, getting the best massages possible with three sets of hands showing him as much love as we could. Still wondering where he got his nick name "Trouble" from, we had yet to see a single misbehaving moment.

Did I mention yet what was in that picnic basket? Well let me tell you that with all the work Gwen does with all the dogs and hard work at the hospital, she has time to make us a real picnic with sandwiches, fruit, nuts, chips, water and even dessert. Are you kidding me? I'd have to say we have a nick name for Gwen "Wonder Woman"! There is evidence to prove it!

Spoiled with treats, toys and a fun walk Treasure was on the date of a life time with us. His love and affection is unreplaceable, and has truly stolen some hearts.

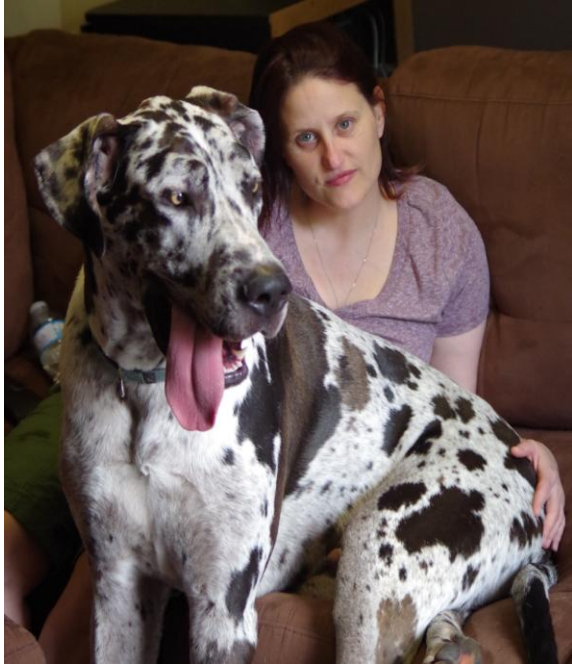

This experience was truly amazing and life changing, we are big fans of Treasure but also of BHRR. The work and love that each dog receive from Gwen and her family is awesome, no wonder our day was full of the same.

We will continue to support BHRR for years to come, whether its donations, volunteering or continuing to win auctions to spend memorable moments with these incredible brave dogs.

Thank You Again

Love

Tracy & Shawna

"Your biggest fans"
